Product Highlights

Use Your Smartphone as a Baby Monitor¹

Whether you're at home or away at work, you can conveniently watch over your baby on your iPhone®, iPad®, or Android™ mobile device

mydlink BabyApp

The free mobile app gives you effortless access to advanced features like 2-way audio, notifications, lullabies, snapshots and video recording, and more

View at Home or on the Go

Place your camera anywhere in your home or take it with you. Keeping an eye on your baby has never been easier.

Keep an eye on your baby with the DCS-825L Wi-Fi Baby Camera. This portable camera transforms your mobile device into a versatile baby monitor¹. Connect your mobile device to the camera wirelessly or through the Internet so you can check on your infant no matter where you are. Equipped with an array of features such as motion & sound detection, temperature monitoring, night vision, lullabies and snapshots, video recording directly to your phone, this camera is designed to help you care for your child.

HD Monitoring Experience

The Wi-Fi Baby Camera is designed to make it easy for you to monitor your baby. View more with the clarity of 720p HD picture day or night. The IR LED sensor turns on automatically when it gets dark.

Continuous Monitoring With Alert Notifications

The Wi-Fi Baby Camera sends push notifications to alert you of specific events. A temperature sensor constantly monitors the room temperature, and alerts you when the room sets too hot or too cold⁵. It can also detect movement and loud noises such as crying, and automatically triggers recording of snapshots and video clips to a micro SD card.

Features

- HD resolution (1280 x 720)
- Night vision with infrared LEDs that turn on automatically when it gets dark
- 802.11n wireless lets you place the camera virtually anywhere³
- MicroSD/SDHC card slot for recording snapshots and videos triggered by motion or sound
- Can be powered by an external USB battery⁴
- 5 pre-recorded lullabies
- Interchangeable accent color rings

Intelligent Baby Monitoring

- Sound detection alerts you of loud noises, such as your baby crying
- Temperature sensor and indicator light informs you if the room becomes too hot or cold
- Motion detection lets you know if the camera detects movement
- Notifications can be sent to your mobile device for detected events
- Two-way audio lets you hear your baby and allows you to respond and calm your child

Package Contents

- Wi-Fi Baby Camera (DCS-825L)
- Power Adapter
- Wall Mount Kit & Desktop Base
- Blue & Pink Accent Rings
- Quick Installation Guide

Minimum Requirements

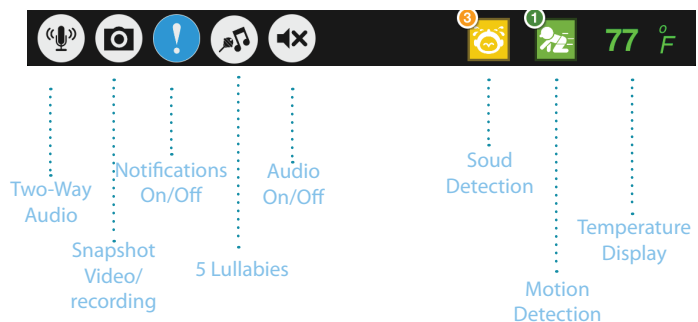

- Smartphone or tablet with iPhone / iPad: iOS 5.1.1 or higher Android 4.01 or higher
- 802.11g/n Wi-Fi network (Wireless N network recommended for optimal performance)
- Internet access required for remote viewing

Peace of Mind, Anywhere, Anytime

You can take the Wi-Fi Baby Camera with you when traveling with your child, even when there is no available Internet connection. Just connect your mobile device to the Wi-Fi Baby Camera's wireless network for instant local monitoring, making it perfect for family vacations or just visiting friends. You can even connect it to an external USB battery⁴ for total portability!

mydlink™ Baby App

The free mydlink Baby app for iPhone, iPad, and Android mobile devices not only guides you step by step through the setup process, but also gives you an easy to use interface for all the advanced features of the Wi-Fi Baby Camera. Check on your baby at a glance, pinch to zoom in and out, setup to receive notifications when motion or sound is detected or talk to your baby directly with two way audio. You can also play the five lullabies to soothe your child. You will even be able to listen to your baby continuously when the phone is locked for continuous monitoring. Whether you're at home or away if you catch your baby doing something cute, you can take snapshots and video clips and save them directly to your mobile device.
