

Sierra Wireless AirCard® 763S LTE Mobile Hotspot

Accessing LTE service or connectivity with the AirCard® 763S mobile hotspot brings enormous potential for mobile workers, travelers, or even families looking to expand their Internet capabilities at home or on the go. This second generation LTE mobile hotspot can wirelessly connect up to 10 devices simultaneously.

ACCELERATE PRODUCTIVITY WITH LTE

Supporting download speeds up to 100 Mbps and upload speeds up to 50 Mbps means data-heavy applications such as cloud computing and streaming high-definition video are possible with a noticeably smoother experience.

CONNECT UP TO 10 WI-FI DEVICES

Share Wi-Fi with family, friends or work teams. With the ability to connect up to 10 Wi-Fi devices, get the convenience of sharing LTE with more people and devices.

EASY SETUP IN UNDER A MINUTE

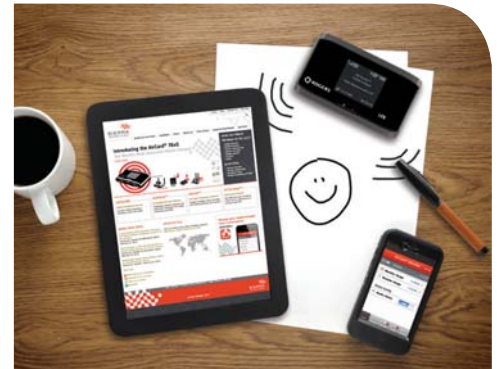

Press the power button and access the Wi-Fi network name and password displayed on the LCD. There's no software to install, and device settings can be managed easily through a web browser. You can also connect devices with the push of a button – the WPS button (Wi-Fi Protected Setup) on the AirCard 763S can securely connect your Wi-Fi device without needing a keyboard or large screen.

INTERACTIVE LCD

Conveniently monitor your hotspot with real-time information displayed on the LCD screen. It relays the number of connected Wi-Fi devices, battery life, network name, password, data usage, and more. Use the navigation button to scroll to additional screens on your device containing the latest messages, alerts, device information, and firmware status.

AIRCARD WATCHER™ FOR IOS & ANDROID

Conveniently manage your mobile hotspot connection and data use from a tablet or smartphone. Download the complimentary AirCard Watcher App to your iOS (eg. iPhone, iPad) or Android device and leave your AirCard 763S where you want to – in your bag, in the car, or by the window at home.

KEY BENEFITS:

- Connect to the fastest network available [LTE HSPA+/EDGE]
- Share LTE with 10 Wi-Fi enabled devices + one tethered
- Quick and easy setup
- Easy device management with the LCD screen
- Convenient hotspot management with your tablet or smartphone

AirCard™

Sierra Wireless AirCard® 763S LTE Mobile Hotspot

Technical Specifications

TECHNOLOGY

- Supports up to 100 Mbps download, up to 50 Mbps upload (LTE Category 3)
- LTE AWS/2600
- HSPA+/HSPA 850/1900/2100 MHz
- Quad band 2G
- Standalone and assisted GPS
- Wi-Fi 802.11 b/g/n

DIMENSIONS

- 97.5 mm x 57 mm x 15.7 mm

WEIGHT

- 108 g

OTHER FEATURES

- WPS Button (Wi-Fi Protected Setup)
- Shared microSD™ Slot (up to 32 GB)
- External Antenna Connectors
- Removable 2000 mAh Battery
- 1.7" LCD Display
- Manage advanced settings through a web browser

PACKAGE CONTENTS

- AirCard 763S Mobile Hotspot
- Quick Start Guide
- USB Cable
- A/C Charger

IMPROVE ENTERPRISE EFFICIENCY

IT MANAGERS AND CIOs

Reduce the time and money required to test, deploy, and support mobile broadband:

- Reduce the time needed for compatibility testing with corporate applications. The device requires no software installation.
- Ensure security with VPN support and device settings pre-set to WPA2 out of the box.
- Minimize support with a dependable device that's easy for staff to setup and use.

FIELD TEAMS AND MOBILE WORKERS

Share LTE with clients, colleagues, and family when at the office or on the road:

- Connect up to 10 Wi-Fi devices at home or in the office. Expand networking capability with the AirCard Hub accessory.
- Improve productivity with quick setup and connection.
- Manage your device and monthly data use with the LCD display or AirCard Watcher App.

Accessories

www.sierrawireless.com/accessories

AIRCARD® HUB

Turn your mobile hotspot into a small office or residential gateway.

EXTENDED BATTERY

Use a 3600 mAh battery for up to 8 hours of mobile hotspot use.

DESKTOP CHARGING CRADLE

Charge and boost signal strength by conveniently docking your mobile hotspot at home.
